Society Regn: S

The Mandal projects Gujarat culture to Delhi, since its inception entering 45th year. members of the Mandal have been organizing festivals on Gujarat art and cr Gujarati food festivals, Navratri- Dandiya, theatre performances etc. The Mandal encourages literary, educational and sports activities among children of its member providing annual scholarships. The national and international outlook of Gujaratis be witnessed in participation of Delhites of all ethnic groups in our programme

We continued the practice of organizing the 'Children Talent Show' to take-out the str fear from the children on Sunday, the 23rd Aug. '08 at Sardar Patel Vidyalaya and 1 participated in full strength. Scholarship to meritorious children were distributed du the talent show, based on their performance of academic year 2006-07.

We organized the Week - End Garba on 4th & 5th Oct. (Sat-Sun)at at prestigious ven Gulmohar Club Ground., Durga-Ashtami on 7th (Tue) at Holiday Club. All the three d non-stop traditional dandia were enjoyed with great zest. Our chief-guest honora Textile Minister Sh. Shankarsingh Vaghela enjoyed the congenial music and traditic Garba. The highlight of our organizing committee was Sharad-Purnima on 12th (S where all members, their guest and residents of Gulmahor club enjoyed it with great and frolic. We are thankful to all the ladies-members of our executive-committee conceptualizing and directing the varieties of Decoration Theme on all the Navr Celebrations. We are grateful to Sh. Vithalbhair Pala, Soni brothers and Premji Valji sponsoring the various prizes to encourage our participating members.

The auspicious occasion of "Nutan Varsh Sneh Milan" was organized at Sardar P Vidyalaya on 29th Oct. The Sport-Competition cum Picnic was enjoyed overwhelming by family members at Nehru Park on 21 Dec. with demand for frequent organization such an event.

I would like to remind all of you that our Mandal is heavily dependent on donations fr non-members, which is not a healthy sign. The major fund for our expenditure sho come from our Members to reduce the burden on executive committee and to sust their voluntary participation in the Mandal.

I am concluding this report on the happy note that the above mentioned program become successful with the help & Co-operation extended by all the members of c Exec. Committee. We would like to express our sincere thanks to our Donors a Advertisers to our Souvenir 2008-09.

Delhi is no more *Dilli* - दिल ही

Now Delhi elections are over I wish ruling party of Delhi may consider some of Delhi problems, which are:

Bus Rapid Transit-BRT means Bilkul Raddi Transport system for cars! BRT is taking already shortage of road space meant for cars and there is traffic jam just because of BRT which results in wastage of time and fuel as cars take much longer time to reach the destination. Also Bus commuters find it very irksome and inconvenient to cross roads as BRT is in the middle of roads. It should be dismantled. Yellow stripes on roads for bus lanes are sufficient.

Over bridge **Metro** is also taking the road space meant for cars in spite of metro many car owners shall always travel in their car as it is more convenient no need to go to metro station and reach the destination point without walking or travelling through autos / cycle rickshaws or metro feeder bus service etc as metro cannot reach every nook and corner and further handicapped and senior citizens shall prefer car for obvious reasons and last it is matter of pride to use car!

The solution is simple have all Metro work-lines underground only as otherwise Metro route bridges on the road spoils beauty of city and is not **environment friendly** as it **restricts natural sun light on roads** etc and **health of citizens may be effected** because of lack of available natural sun light and air too, adding already heavy pollution of roads, which affects health of citizens on roads. Already as per Press reports for last few years earth is getting only 80% of sun light as compared to few years earlier time. A research on this subject can find the correct and factual status on the subject as I am not qualified for it to comment but as an ordinary citizen I feel it is a case like that.

One reason for over bridge metro is that there is steep rise in cost .For it I would say it is **worth spending more for the sake of environment and future life of man kind** .The increased cost can be sourced from **public issue IPO or through Bonds** issued to public giving then say a return of 12% and let it be **totally tax free** and the **fare of Metro can be increased marginally** by Re 1 per journey and through advertisements in and around Metro stations etc. And to my knowledge no where in the world except Delhi metro is also on over bridges.

I predict like there was once upon a time trams in Delhi-the fate of over bridge metros in ten to twenty years will be same!

Most of **Delhi roads** including main roads have lot of Potholes .Therefore jerks are just unavoidable on all roads, which effects health especially of senior citizens, besides the vehicles life span is also reduced drastically. The speed of vehicles is also reduced and it takes again more time and fuel for its journey. For smooth running of vehicles all roads in Delhi including colony roads must be chikni like Hema Malinis cheeks as once Our Honorable Rail Minister Mr. Lalu Prasad said once! And visitors from all over the world for Common Wealth Games in 2010 shall love to roam around throughout Delhi smoothly and have life long memories of Delhi Road!

Parking on roads in between and on one side of road where parking charges are too levied by authorized attendants must be discontinued and it is also on space meant for pedestrians must not be allowed. Sufficient parking lots must be constructed and unauthorized parking lots must not be allowed. Even where there is free parking attendants charge by issuing parking tickets. In all colony markets there should be free parking.

Daily power cuts; There are power cuts in Delhi without any notice and at any time during the day or even at night. It affects daily routine and work which is national loss. Power plants can be set up in and around Delhi with tax benefits .Organizations like NTPC should be welcome in public or private sector.

There is also **inadequate water supply** through out Delhi. Though it is worldwide problem but through proper planning it can be reduced water supply can be increased by more projects like Sonia Vihar for to have 24 hours water supply in every nook and corner of Delhi and with the pressure to reach top floors of building.

There is a poor **local transportation** for public and no control on Auto rickshaws and taxis are two expensive. The solution is improving public transport DTC buses and control Auto rickshaws their meters and no refusal to any where at any time. In competition with Auto rickshaws and taxis, **Delhi government should start its own autorickshawa / taxis** and have fixed stops for them like Bus stops where few of their autos / Taxis are always available. In Mumbai one can find taxis on roads waiting for passengers. Similarly in Delhi at every half a kilo meter there should be auto / taxi stand too.
